Inclusive Homes. Meaningful Connections.

What is HomeShare?

HomeSharing gives adults with developmental disabilities a chance to live in a home that fits their needs and lifestyle. Participants can choose to live with one person or move in with a family. Every arrangement is different because each individual has personal preferences and unique needs.

HomeShare Providers

HomeShare Providers are financially compensated for welcoming and supporting an adult with a disability in their home by helping with:

- Building relationships and social connections
- Learning daily life skills
- Preparing meals
- Personal care
- Getting involved in the community
